## Help Falana Get Press On Veneers by Brighter Image Lab

I never went to the dentist as a child. I am the oldest of 7 kids and well my mom had her own demons to deal with I guess and healthcare wasn't big on her list for her kids. I never went to the dentist until I was around 19 and by then it was too late. Then I had children and used all extra money for them. My daughters are 25 and 18 and have a perfect smile because well I didn't, so I gave them what I could. I now am missing teeth, need extractions, so much work needs to be done but I can't afford it. I just can't. I work full time but our dental insurance only allows so much and I have just learned to master the art of talking and smiling w/ no teeth being shown or by looking down during the conversation. I could use some help please. I can't afford the veneers but I am gonna start saving maybe next month but honestly I don't know where the money would come from. I appreciate the opportunity to go places and be confident again. I have lost over 75 pounds and still am so ashamed of my mouth I don't go anywhere to show it off. Thank you again. Lana Marshall
