

1. I entered it

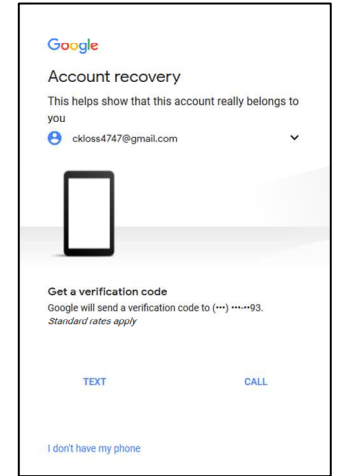

2. I guess they are saying the password was wrong

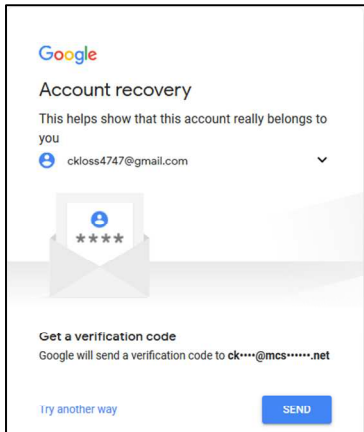

3. Ok, I did

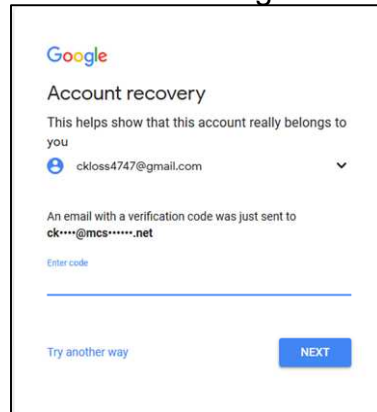

4. I did

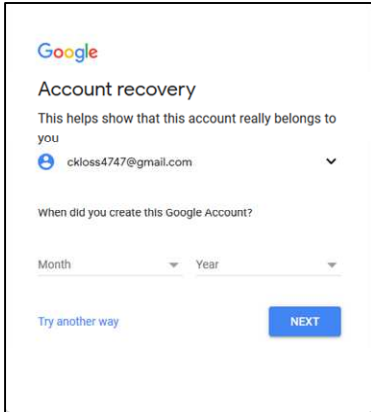

5. I chose Text. The number is my old Verizon phone

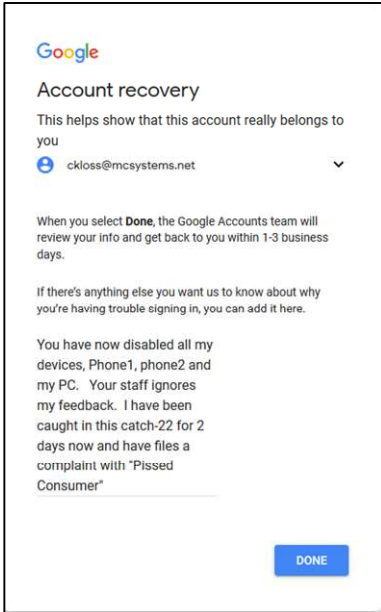

6. OK, send it to my PC

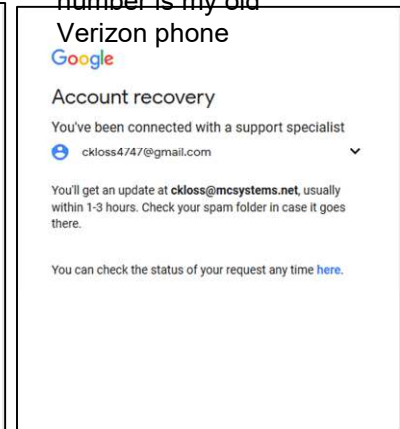

7. I Entered code

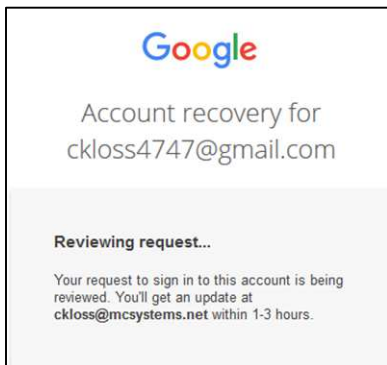

8. How in the world would I know this? Somewhere they said to guess, so I did

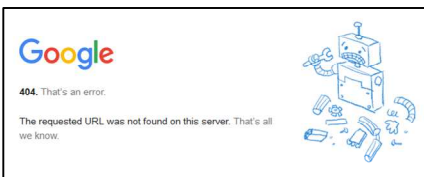

9. This is the 4<sup>th</sup> or 5<sup>th</sup> time I have been though this

10. somewhere before they says 1-3 days

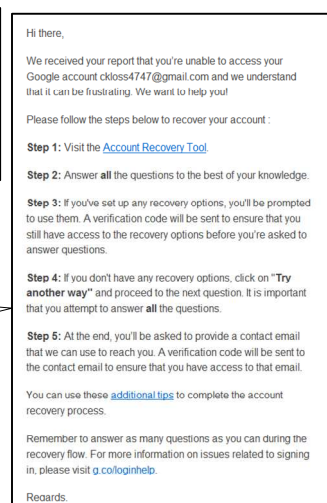

10. OK

11. I tried the back-arrow

12. I am tired of this game. Now go to step 1

13. How in the world did I get into this? I just wanted to connect my new Moto G6 phone (on Google Fi network) which I intend to evaluate in comparison to my Verizon account
