Protection and Refund:

Once the Van is delivered, the buyer has a 5 days inspection period. After the inspection period is over, the buyer will contact eBay with the results of the inspection. If, for any reason, the Van does not pass the Purchaser's inspection, it will be returned to the seller, on seller's expense and the funds will be returned to the buyer, in full in within 24 hours. For safety reasons the payment details will be dealt with the utmost security and will not be handed to any third parties. eBay will be in full control of the funds as soon as it reaches our trust fund account, so we will be able to protect and guarantee your funds. Once the funds have been sent to our trust fund account, no one but the Purchaser will have access to it. eBay will release the funds to the Seller only after the Purchaser receives and agrees with the item. Should the Purchaser need a refund for this transaction the amount received will be sent back via bank wire transfer when the transaction is cancelled. The account is managed and supervised by eBay's Financial Agents.
