Online Advertising Made Easy

Every month, consumers search the web more than 2 billion times for local businesses like yours. Nearly half of those searches lead to online directories, rather than company websites. Promoting your business across hundreds of review sites, search engines, yellow page directories, and mobile apps is a daunting task for any business owner. That's why we created CityGrid Performance.

More Customers Less Time

CityGrid is a one-stop advertising solution that powers local listings and ads on hundreds of leading websites and mobile apps like Citysearch, Insider Pages, Urbanspoon, YP, and Yellowbook.

Promote Your Business ... Everywhere

When you advertise with CityGrid, we broadcast your business profile across our network of sites.

Stand out with laser-targeted ads directed at local customers searching for your services

Win over potential customers with a custom message, powerful photos, and offers

Measure Return on Investment with tracked phone calls and easy-to-use reporting tools
And the best part is that you only pay for customer connections that CityGrid delivers!

CityGrid Delivers Success

Business owners love CityGrid. Why? We connect them with more customers online. But don't take our word for it. See what they have to say.

Our Latest Testimonial

"CityGrid distributes my business profile to the customers searching for restaurants like ours...(More)"
