to me

Mr. Razvi,

I apologize. I thought Aaron had everything in the file. I spoke with him after I received your email and he has forwarded all of your documents to me. I will look through them and let you know if I have questions.

The problem is, I can't file a modification to change conservatorship of the children unless they are living with you now. If they were living with you in the past, you should have filed then to modify the amount of child support. I will argue for you but for future reference, if they come to live with you for 6 months, file a modification to lower your child support.

Erica
