Wrote: I ordered 2 Classic Fit Poplin Dress shirts and was shipped the Regular Fit instead. I called customer care and they arranged for me to return the items via mail and they were to ship the Classic Fit shirts. Sadly, once more I received the regular fit. My question is: Do you have the Classic Fit in stock? If so, why am I not being sent the correct product? If not, could you please let me know before I purchase so as to not be disappointed with the company we have loved and trusted over the years?

I am stuck with 2 regular fit shirts which I will be returning via mail and hope to receive an answer shortly.

Kindly,
