Covercraft UVS 100 Windshield UV Heat Shields Sun Shields Car Sun Shades

UVS100 Custom Sunscreens: FOLD UP TYPE

The UVS100 Custom Sunscreen is the only windshield sunscreen to earn a U.S. Patent. Covercraft makes the UVS100 Custom Sunscreen by hand, one unit at a time, from laminating the panels to cutting the pattern, these are truly Crafted2Fit®. The UVS100 Custom sunscreens not only help reduce the interior temperature when it's hot outside, they also protect the vehicle interior from damaging UV rays that are present all year long. These sunscreens are custom fitted to your vehicle to ensure maximum windshield coverage and ease of installation. Sometimes called heat shields, sun shields or UV shields, Windshield sunscreens are useful at the beach, work, airport or anywhere you park.
