**This is TRULY UNBELIEVABLE...
Shah Gilani's recommendations are now up to
59% GAINS PER DAY!**

Dear David,

I'm going to be as blunt with you as possible...

Shah Gilani is helping people make more money than any other analyst in America right now.

I say that with no amount of exaggeration...

Just yesterday, when we first told you about his revolutionary carbon trades...

Shah was showing his readers a massive **44% gain per day**...

That's the kind of money that can turn a small stake into a MAJOR fortune in a matter of weeks.

And these gains are **GROWING** exponentially.

In fact, Shah is now up to 59% gains per day on average (including partial plays) - or 1,298% gains per month...

I'm certain that makes him the most *successful* analyst of all time.

NO ONE - not even the best money managers and billionaire investors in history - has come close to 59% gains per day.

And now, Shah's readers are writing in nonstop.

- *Ralph Altman just told us he's made **875% gains**...*
- *George Fink is now up to **948%**...*
- *And Victor Johannsson has seen a monstrous **1,000% return** on his money...*

If you're reading this email, and you truly want to learn how to turn a few small stakes into \$70,000 every month...

This is your best shot at doing that.

I have *never* - and probably will *never* - be able to show you these kinds of gains

ever again.

Each day you wait is another missed opportunity to make 59% on your money...

If there was ever a time for you to take decisive action, [this is it](#).

I've never been more excited.

Sincerely,

Mike Ward
Publisher, Money Map Press

P.S. When you watch [this video](#), just remember one thing... every time Shah says "44% gains per day," that figure has now been boosted to **59% average gains per day**. It truly is a *miracle*.

ZENITH

TRADING CIRCLE

Pure **INSANITY**

**Are You Ready to Grow Your Money
by ~~44%~~ 59% PER DAY?**

This is Mike Ward...

I'm the publisher of **Money Morning**.

My job is vital.

I select the best investment research in the world...

And relay it to our readers.

That's why, today, I'm thrilled to invite you to join **Zenith Trading Circle**, our top-performing research service.

In fact, I don't think any research service in the history of our industry has come close to what Shah Gilani has been able to deliver to his **Zenith** readers...

It is beyond insane...

It's miraculous...

The gains are piling up so fast we can't even keep up....

Just days ago Shah was producing 44% gains per day...

He's now up to 59% gains per day...

That's 2,388% total gains in 40 trading days (including partial closeouts)...

I've been in this business for decades...

I've seen a lot of things...

But **59% gains PER DAY** is NOT one of them.

And I doubt I'll see anything like it again.

How is Shah accomplishing this insane feat?

By chasing down stocks that are being absolutely decimated right now and, based on his data, will soon cease to exist.

I have no doubt that shareholders in these companies are foaming at the mouth...

But as these stocks continue to collapse like dominoes...

Shah's **Zenith Trading Circle** members are getting the chance to make RIDICULOUS amounts of money... more cash than I've ever seen.

In fact, all (but one) of Shah's 20 carbon trade closeouts have gone up by

Double and TRIPLE Digits!

His latest recommendation delivered a 995% win in a matter of weeks.

If that isn't BIG MONEY, I don't know what is...

And with more of these rotting stocks falling by the hour...

I expect Shah will surpass his 59% PER DAY benchmark and easily hit 90% PER DAY.

Why?

Because he expects his next seven carbon trade recommendations to hand you \$469,000 in profit.

And if anyone can do it, it's Shah.

His track record proves it.

As a **Money Morning** reader, it would be a tragedy for you to miss out on Shah's carbon trade recommendations.

They are showing his readers bigger gains than I ever thought possible.

So to make sure you don't miss out...

I'm going to do something I've never done before...

I'm going to give you a subscription to Shah's **Zenith Trading Circle** for a massive discount that only I – the publisher of **Money Morning** – can authorize...

I'm talking about a one-year Zenith subscription for \$1,950...

Hedge funds would pay a thousand times that amount to get their hands on the kinds of gains we're seeing with Shah's carbon trade recommendations.

But today, I'm allowing you to sign up for a **Zenith** membership at the LOWEST price we've ever offered.

If this is what it takes to get you to join the best performing research service in the history of our business, then so be it.

I'll do whatever I can.

I wouldn't be doing this if Shah wasn't delivering **59% gains PER DAY** (on average), which works out to around 1,298% gains per month.

It's a feat that maybe one in a million people ever dream to achieve...

But Shah is doing it right now...

The last thing I want is for you to pass this up and regret it later.

I spend every waking hour of my day searching for the kinds of ideas that can make our readers a lot of money, very quickly – and as safely as possible.

It's my responsibility.

So when I see that our **Zenith** readers are getting the chance to grow their wealth by **59% gains per day...**

I will do WHATEVER IT TAKES to make sure YOU can also have a shot at benefitting from these absolutely tremendous gains.

Because I doubt you will ever see this kind of money for the rest of your life.

I know \$1,950 may seem like a hefty fee...

But when you have the chance to turn \$5,000 into an extra \$70,000 PER MONTH – like Shah is showing his readers how to do right now...

\$1,950 is a "drop in the bucket."

That said, the minute you join **Zenith Trading Circle**, you will get one new carbon trade recommendation per week. Each trade will include details on a particular stock that, according to Shah, has a close to 100% chance of dropping in price.

- You will learn why the stock has NO FUTURE...
- WHEN its projected termination date is...
- And what carbon trade you can execute as its shares plummet.

Shah will also tell you *dirty* details for each of these companies that will make your head spin.

You'll see why they DESERVE TO FAIL, and you won't feel an ounce of remorse.

Again, these companies are already knee-deep in a pool of quicksand...

There's nothing you can do to save them...

But you can cash in on their unstoppable downfall.

If you don't, someone else will.

And let me say it again...

You will be executing carbon trades... NOT shorting.

This way you can profit over and over again as long as these businesses are failing, without ever having to buy a single share in any of them... or risk more than a small amount of money.

Every day of the year, Shah looks for the absolute worst stocks out there...

Companies that aren't just losing money, customers, and market share...

But have about a zero chance of survival...

These are the stocks that can make you filthy rich because you know exactly where their price is headed next...

And that's DOWN.

Shah's **Zenith** members recognize that simple truth...

I hope you do too by now.

Because, as you've seen...

As long as a stock is falling in price, one carbon trade can make you over \$100,000 – OVER AND OVER again.

It's the smartest way to make a killing in today's market, hands-down...

And it's the reason why Shah is now showing his readers the chance to grow their wealth by 59% per day.

It's unprecedented and remarkable.

And things are only just heating up...

Shah's next seven trade recommendations could help you make \$469,000 with just a few \$2,500 carbon trades.

That may seem like a large sum.

But it's a conservative estimate.

Shah's last trade showed his **Zenith** readers a 995% gain in 4 weeks.

And I believe he's going to do this again, and again, and again... He may reach 90% gains per day (or higher) in a matter of weeks.

I'll tell you right now...

NO ONE is making this kind of money right now.

But know this...

***Zenith Trading Circle* is NOT right for everyone. So there are a few factors I want you to consider before joining.**

- First, if you're looking for traditional research, ***Zenith Trading Circle*** is **NOT** for you...
- Second, if you want to just find out how to buy stocks, ***Zenith Trading Circle*** is **NOT** for you...
- Third, if you believe the financial media "celebrities" and Wall Street elites have your best interests at heart... ***Zenith Trading Circle*** is **NOT** for you.

This is a research service for people who are can think on their own... are strong-willed... and have an intense desire to cleanse the market of its weakest entities...

All while learning how to make a fortune for themselves.

Given the fact that Shah has been helping his readers quadruple their money every single week, a membership to ***Zenith Trading Circle*** *should* cost AT LEAST \$10,000, maybe \$20,000.

But since this is probably the first time anyone's shared a moneymaking secret this unique with you...

I'm offering you this massive discount...

And if you subscribe today, you'll lock in this elite, record low rate of \$1,950 per year, every year for life.

Plus you'll get everything Shah has lined up for you, including:

- **Zenith Carbon Trade Recommendations:**
You will get private dossiers each week with details on a new carbon trade to execute.
- **Zenith Real-Time Profit Alerts:**
Whenever it's time to cash out of a carbon trade, you'll get a real-time profit alert.
- **Zenith Progress Updates:**
You'll get updates on all of Shah's current recommendations so you can always be up to speed on where his positions stand.
- **Zenith Website:**
You'll get 24/7 access to the ***Zenith Trading Circle*** website.
- **Zenith Research Reports:**
And you'll get access to all of Shah's research reports, which will provide you with even further insight into his distinct and unique investing methodologies.

Right now, Shah is eyeing 40 stocks that have a near 100% chance of dropping in price.

Plenty more are on the way...

And as a ***Zenith*** member you'll learn how to get rich from every single one of them.

If 59% gains PER DAY doesn't prove that, I don't know what else to tell you.

Plus, I'm giving you the next 30 days to test drive *Zenith Trading Circle*...

That covers you for the short-term. You also deserve assurances for the long-term.

So I'm including a performance guarantee that's second to none.

If you don't have the opportunity to see 59% gains per day for the next 12 months... I'll give you your subscription fee back.

All you have to do is contact us.

Again, I wouldn't be doing this if Shah wasn't delivering **59% gains PER DAY...**

But he is.

So I'm willing to do whatever it takes to get you on board immediately.

I'm giving you...

- A one-year **Zenith** membership for the record low price of \$1,950...
- Access to all of Shah's carbon trades recommendations (both past and future)...
- And a 30-day, money-back guarantee.

If you join **Zenith Trading Circle** today, and you aren't shown the chance to grow your wealth by **59% per day on average**, I don't want to keep your money. I'll gladly give it back to you.

But remember...

Today, we're only accepting 500 people into Zenith Trading Circle. That's it.

So if you're on the fence, now's not the time to sit back and do nothing.

Because if you don't get in now... you may not get in at all, especially at this price.

Enough talk. It's time to act.

As **Zenith** members continue to see **59% GAINS PER DAY**, you don't have a second to lose. Every day you wait is another missed opportunity...

Shah has already lined up seven new carbon trade recommendations.

Together they could make you \$469,000 richer.

And that's just for starters.

Simply fill out the short form below and you'll secure an elite **Zenith Trading Circle** membership for \$1,950 – a 61% discount of the retail rate.
