Need to change something on your return?

Making a change isn't possible just yet. Finalizing your return is just like dropping a printed tax return in the mail. But don't worry. If it turns out you need to make an update once your return has been accepted or rejected, we'll walk you through [how to amend \(change\) a return](#) every step of the way.

**Thanks again for using TurboTax.
We look forward to updating you soon!**
