Dear TurboTax Customer:

Your Oregon tax return wasn't e-filed because of an issue with Oregon Schedule OR-A, Oregon Itemized Deductions. But hang on, we're here to help you fix what went wrong and get the return filed. On 01/31/19 we are releasing an update that will help file an accurate tax return. You will need to come back on that date and file your return.

What do I do now?

Come back on 01/31/19 and follow the directions below.

If you're using a CD or downloaded version of TurboTax:

- Update TurboTax (visit our Support Site if you need help updating)
- Go back through your Oregon return from the beginning
- Make any corrections if prompted
- E-file your return (you won't be charged for e-filing again)

If you're using the Online version:

- Log into your TurboTax Online account
- Go back through your Oregon return from the beginning
- Make any corrections if prompted
- E-file your return (you won't be charged again)

We apologize for any inconvenience.

Thank you for using TurboTax!
