Good morning—

As I stated previously, ADP mailed out all W2s timely so we will not be sending a letter stating otherwise. If you did not receive your W2 by the end of January, you should have reached out to us then to avoid the penalty situation. The copy of your W2 was mailed to the address listed below via USPS on Wednesday, May 15. If the below address is incorrect, please let me know the correct one and I will send out another copy.

Afternoon,

I was wondering what address you sent my w2 to? I want to make sure you have the right one.

I also would like to know when I will receive the letter I can send the IRS Stating it was Adp's fault I haven't been able to file my taxes.

Kind Regards,

David--

I only contacted you to find out which W2 you needed as it was not included in the original case. I have sent your W2 out to you to the address we have on file via USPS.
All W2 forms were sent out timely at year end so there is no need for a letter stating otherwise. The payroll department also has no record of your business tax statements.
ADP will not be responsible for any penalties you may have incurred.

What's the deal?

I just had someone email me and say they were going to mail my w2 and they asked what years I needed. I have sent you numerous pictures and screen shots of it not working, why don't you send me every one that I have sent you that way I don't go back and resend stuff 100 times.

What I need from you is a Letter from ADP stating that they made a mistake and did not send me my w2 and also my Business Tax Statements for 2018 and ADP will be RESPONSIBLE for any late penalties that I may have to pay. The lady who emailed me earlier contact info is below so you can speak with her.

I have cc'd my attorney in this now because it is getting out of hand.

I understand as I worked for Adp. What is my temporary password again?

The other issue is when I try to reset it with my email n info it doesn't say I have wrong information it says something like "we are unable to process your request" if I intentionally put in a wrong email and or name it will say "wrong credentials "

Good Afternoon David,

I am assisting Jacquelyn in her absence. In reviewing the case, I show where an email with your User Name and a temporary password was sent via email as of 4/17/19 to allow you to establish you access to the iPay website to access your W2. Upon receiving the email, did you manually key in the temporary password and if so, was it not accepted?

Please provide me a full page screen print of the attempt to sign in using the password submitted and if you are still unable to log on, I will ask my Support Team to review further.
