If you have any issues with the charges made to your card please contact us.

Some airlines reserve the right to cancel the return flight if the outbound one has not been used so if you have purchased a round trip ticket and you are planning not to use the outbound flight, we suggest you contact us immediately (at least 48 hours before the departure of the flight) and we will make the relevant enquiry.

Additionally, if part of the itinerary of your booking is either by train or by bus, beware that missing any part of it may result in the cancellation of the remainder of your trip.

DOCUMENTS, PASSPORT AND VISAS:All passengers, children and infants included, should carry valid personal and family documentation, passport or ID, according to the law of the country of origin and destination and/or layover country.

It is the passenger's sole responsibility to be informed about visa, passport and vaccination requirements of the destination or connection (layover) countries.

Please bear in mind that if you don't have the required documentation, the airline could deny boarding. For further information, please contact the embassy of your destination country and they will give you detailed information about the required travel documents.

PAYMENT:Sometimes, when the amount is charged, the same or similar value of your flight tickets could be temporarily blocked.

Such block (the amount is not actually deducted) is made by the bank entity and it is usually unblocked within 15 days.

This is a common practice for all travel agencies; even though it is the agency that orders the processing of the tickets, the charge of the amount is managed between the bank entity (card issuer) and IATA (International Air Transport Association).

If you consider that you have a temporary block on your card, we suggest you wait until the amount is unblocked, or you can contact your bank entity.

TRAVELLING TO THE USA:Citizens under the Visa Waiver Program (VWP) transiting or entering the United States are required to apply for an Electronic System for Travel Authorization (ESTA) 72 hours prior to the departure flight at the following link: <https://esta.cbp.dhs.gov/esta/>

IMPORTANT: Effective April 1, 2016, in addition to a valid ESTA, all VWP country citizens must possess an electronic passport (e-chip). If not in possession of an electronic passport, a valid nonimmigrant visa is required to travel to the United States.

TRAVELLING TO CANADA:Effective 15 March, 2016, passengers transiting or entering Canada are required to apply for an Electronic Travel Authorization (eTA). We advise our customers to apply for the authorization immediately after the booking is confirmed at the following link: <http://Canada.ca/eTA>

BOOKINGS INCLUDING TRAIN:Please pay attention to your booking details. If part of the itinerary of your booking is by train, please bear in mind that to be able to travel you must provide a printed boarding pass at the train station. You can get it 24 hours before the departure at the following links:

- If you are travelling with Access Rail: <https://check-in.accesrail.com/#/step1>
- If you are travelling with Hahn Air: <http://checkin.hahnair.com/>
- If you are travelling with Eurostar: <http://www.eurostar.com/uk-en/travel-info/your-trip/check-in>
- Other companies: visit the company's website

CHANGES AND CANCELLATIONS:Change and cancellation conditions of flight tickets depend on the policies that airlines establish for each fare.

Bear in mind that in those cases where the airline allows changes, cancellations and/or refunds, the management fee will be established by the airline itself.

Additionally, Travel2Be will always charge 50EUR (or the equivalent in your local currency) per passenger as service fee.
