

Complaint Confirmation

Thank you! Your reference # is 119988738. Important: please save this number for future reference.

You have submitted a complaint online at econsumer.gov [./en](/en) and it has been entered into our complaint database. You can access it, update it, or correct it by [contacting us](mailto:econsumerwb@ftc.gov) (<mailto:econsumerwb@ftc.gov>) and identifying your complaint by its reference number.

What to Expect Next:

Your complaint will be accessible to numerous government agencies to investigate, uncover new scams, pursue regulatory or enforcement actions, and spot consumer trends. However, it may or may not be accessed by those agencies. You should not necessarily expect any agency to pursue your complaint. Many government agencies bring lawsuits to protect the public at large, but do not intervene on behalf of individual consumers. Other agencies may have an obligation to investigate certain individual complaints. For information on how we use and share your information, [click here](/en/OverView).
