not as described

The condition was rated Very Good -- Used: Item will come in original packaging, packaging damaged. I'd imagined someone had just opened it, closed it, left the original insert sealed inside one of those vacuum sealed plastiques, you know, the kind that shrink it...

A few common issues to keep in mind:

- Your review should focus on specific features of the product and your experience with it. Feedback on the seller or your shipment experience should be provided at www.amazon.com/hz/feedback.
- We do not allow profane or obscene content. This applies to adult products too.
- Advertisements, promotional material or repeated posts that make the same point excessively are considered spam.
- Please do not include URLs external to Amazon or personally identifiable content in your review.
- Any attempt to manipulate Community content or features, including contributing false, misleading, or inauthentic content, is strictly prohibited.
