Pairing food and alcohol delivery? Genius.

And giving you a promo on top? That's even more genius.

GET DRINKS

Some pairs are destined to be together. Like beer and pizza. Or sharks and tornados. Or Drizly and Uber Eats. Yep, we're officially joining the Uber Eats family. That's right, your favorite beer, wine and spirits service now has an older step-sibling that knows a lot about food.

To celebrate this momentous occasion, use promo code **PAIR** for **\$5 off** on both your Drizly and Uber Eats orders today. Get \$5 off [Uber Eats](#)* today, 10/14 until 11:59 PM PST. And get \$5 off Drizly** now through Sunday, 10/17 until 11:59 PM PST.
