Want to Get an Accurate Move Quote?

I am a relocation expert with Big Boys Moving & Storage Company and would like the opportunity to earn your business and assist you on moving day!

You provided some information already but I need a little more so that I can give you an accurate quote...

1.) How many bedrooms do you have?

(This gives me a basic idea of the size of your move.)

2.) Are there stairs at either location?

(This helps me estimate the amount of time needed to complete your move.)

3.) How far is it from one location to the next?

Hi David,

My name is Jack. We are glad you found us and we look forward to helping you with your move soon.

This email is in response to your inquiry. I will try to give you an idea of how much you should expect to pay for your move as well as give you all the other info you may need.

So, without further ado...

(insert drum roll)

Here is some info about our super awesome company.

Our pricing plan is super simple. We charge \$210.00 an hour for a 3 man crew and there is a 2.5 hour minimum.

There is a one-time transportation fee of \$175.00 because both locations are about 45 minutes away from our office.

Absolutely everything is included in that hourly rate.

Taxes and Insurance? Yep.

Dollies, wraps, and pads? Check, check, and double check.

Gas and the truck? Absolutely.

Tools to disassemble and reassemble things like my bed and appliances? You betcha.

And you want to hear something cool?

There are no other fees. Let me repeat that.

There are zero other fees.

The time officially starts when we pick up the first piece of furniture and then you have us for as long as you need us. If/When we go over the minimum, the time is prorated in 15 minute increments. At the end of the day, you only pay for the time we are working and you won't believe how hard we work!

In your case...

A typical 1700 to 1799 sqft House can cost \$1,365.00 to

A typical 1700 to 1799 sqft House can cost \$1,365.00 to \$1,680.00 and usually takes 6.5 to 8 hours.

Since we didn't get to speak on the phone, it's difficult to say how long your move would take.

I went ahead and looked up your address online, and I am estimating based on these photos. Please let us know if these don't accurately represent your move.

Based on the photos online, having a 3rd mover will be a more cost-efficient route for your move.

I am optimistic we will complete your move ahead of schedule, but I have allocated 8 hours to account for the 45-minute drive and any other surprises that may happen on move day.

*We think it is reasonable to budget **around \$1,855.00** for your move.*

*Again, you **ONLY** pay for the actual time it takes to move.*

Please give me a call at 813-934-7221 so we can get you a
